Carolyn Fiori Leadership Award

There is no doubt that your unit has many valuable volunteers who have the leadership skills that have helped shape the success of your unit or council.

Why not honor their commitment to your PTA with the Carolyn Fiori Leadership Award?

Carolyn Fiori was a past Nassau Region District Director and NYS PTA President who was a highly respected leader and mentor. You can honor more than one of your members with this prestigious award.

Applications received before March 31st will be considered for the Region wide award presented at the Nassau Region Spring Conference in May.
